

Just like the rest of your family members, pets who receive regular health care are more likely to live longer healthier and happier lives.

Benefits of Annual Exams:

- * Help spot illnesses early when they are easier and more cost effective to treat
- * Stay current on vaccinations to prevent illness
- * Help you create a healthy lifestyle for your pet for life-long health and quality of life
 - * Developing a pet-owner relationship helps us tailor care to your needs, preferences, and resources to get the best care possible within your budget.
 - * Help you make end of life decisions and maximize quality of life.

Dr. Ken Bedell, DVM
